**LinkedIn:** [mox-vankar](#) | **GitHub** : [mox-27](#)

## SUMMARY

Passionate and motivated software developer eager to start a career in web development. Proficient in React.js for frontend and familiar with Node.js and Python for backend. Strong foundation in programming, OOP, and data structures. Quick learner, enthusiastic about new technologies, and ready to apply skills through real projects.

## TECHNICAL SKILLS

- Frontend : HTML, CSS, React.js, Bootstrap.
- Backend : Node.js, Django
- Programming : C / C++, Java, PHP, Python, JavaScript
- Database: MySQL
- Tools & Platforms: Git, VS Code, Postman, Linux, Windows

## EDUCATION

**Bachelor of Computer Applications (BCA)**

**2022 - 2025(Expected)**

INSB BCA & PGDCA College, IDAR

## PROJECTS

### AgriBazaar - BCA Final Year Project

INSB BCA & PGDCA College, IDAR

- Built a full-fledged online marketplace where farmers and merchants can sell agricultural products. I developed both the frontend and backend using Django. The platform includes user authentication, product management, and order processing. I also worked with MySQL to store and manage data efficiently.

### PDF Tool Utility - Personal Project

- Built a free, no-authentication PDF tools utility using React.js, Bootstrap CSS, and Node.js. Features include merging, splitting, PDF to text/images, compression, password protection, and removal.

## MORE ABOUT ME

- **Languages:** English, Hindi, Gujarati.
- **Experience:** No official work experience, but I build real-world projects to sharpen my skills.
- **Passions & Interests:** Tech enthusiast, always eager to learn and explore new technologies.
